OUR VISIONARIES

MESSAGE FROM THE CHAIRMAN

SHRI RAMNIKBHAI
DAVARIYA

Dear Readers,

Dr. A. P. J. Abdul Kalam once rightly said "Real education enhances the dignity of a human being and increases his or her self respect. If only the real sense of education could be realized by each individual and carried forward in every field of human activity, the world will be a better place to live in".

We, at Shree Vasishtha Vidhyalaya believe in imparting this 'Real Education' by bringing an appropriate balance in 'Knowledge and Wisdom'. KNOWLEDGE is having clarity of facts and truth. WISDOM is the practical ability to make consistently good decisions in life.

SVV's mission is to give positive catalytic impulses to every child to stretch his/her inherent learning competencies through a self discovery process, here the individuality of each child is recognized, nurtured and treasured. Our focus is to develop our students as universal champions with patience, reverence and admiration of a diverse culture to the path of success.

MESSAGE FROM THE DIRECTORS

SHRI VIJAYBHAI
DAVARIYA

Dear Readers,

Education extends beyond the mere acquisition of academic knowledge, certificates, and self-satisfaction. It constitutes an ongoing adventure that can be incredibly thrilling, provided we are willing to embark on a voyage of experiences, exploring the vast expanse of the world. While we acknowledge the impracticality of physically visiting every place on Earth, the question arises: How can we effectively navigate this educational journey, starting in school and continuing throughout our lives?

At SVV, our objective is to provide education that prioritizes the future growth and development of students. We consistently offer unwavering support to our students in all circumstances. In addition to our rigorous academic curriculum, we are committed to nurturing various aspects of their development. SVV firmly believes in empowering children to engage in self-directed learning, allowing them to explore, experiment with, and master new skills while honing higher-order thinking abilities. We offer opportunities for students to synthesize and expand their knowledge. To all our students, we extend our heartfelt wishes for success in their educational journey.

SHRI RAVIBHAI

TIME

ZEESHAN BEHERA | Std : VIII A

I am the truth which people don't like
I have the power to change the universe
I have the power to destroy the universe
I was the past of the universe which was seen by the people

I am the present of the universe which is seen by the people
I will be the future of the universe which will be seen by the people

I had seen the universe forming

I had seen Ram killed Ravan for his wrong things

I had seen Krishna killed Kans for his wrong things

I had seen the pandavs fighting for their rights

I had seen the struggle of India in front of British,

I am seeing the human behaving like a machine

I am seeing the development of India in different fields

I will see the destruction of this universe.

No secret of this universe is hidden from me

So, who am I ?

I am TIME which cannot be stopped and changed by anyone...

FALSE ECONOMY

RAHI PATEL | Std : XII G

WHAT IS FALSE ECONOMY ?

It is an action that saves money at the beginning but, over a long period results in more money being spent or wasted.

And if you are poor, there is a double whammy associated with being jugaadu. Not only do products and services become more expensive but you get stuck in a negative spiral of spending.

The double whammy of being poor and even then being spendthrift keeps you poor, or to put it differently, you realise how being poor actually turns out to be more costly overall. Only by addressing the hidden expenses of poverty can we hope to create a more equitable society where financial stability is accessible to all. **Make choice that help you avoid being "penny-wise, pound-foolish". Think Long Term.**

YOGA AND MEDITATION

**DHVANIBA JADEJA
Std : VIII G**

Yoga and meditation are becoming popular terms now a days in health arena. Health experts are very much in favour of the ancient techniques that have benefited man since time immemorial.

Adopting proper postures of yoga and following the ritual of meditation constantly creates wonders for one's mental well-being. By following yoga and meditation, a person remains fresh and relaxed throughout the day, shows increased energy levels and a greater immunity towards diseases. The skin glows naturally since a person feels restful and at leisure.

So it can be said with assurance that yoga and meditation are the key towards achieving the goal of fitness and good health as it is rightly said a healthy mind resides in a healthy body. So, it is everyone's duty to take care of their health Instead of splurging huge amount of money on gymming, one should follow some simple techniques to stay fit and healthy.

THE ART OF BEING ALONE

HETVI SANGANI | Std : XII E

When you get stressed what changes do you find in you? Breathing. When you get angry what changes do you find in you? Breathing. We experience every emotion with change of breath. When you learn to navigate and manage your

breathing, you can navigate any situation in life. Same goes with being alone. Being alone doesn't mean detaching yourself from world it simply means not focusing on what people will say rather focusing on what you are capable of. Being alone simply means peace of mind. Humans want a lot of things but in every heart, there beats one true desire. And that true desire shapes your thoughts and actions and lead you towards peace of mind. Well said by one of the monks, "When we tune out the opinions, expectations and obligations of the world around us, we begin to hear ourselves."

DIGNITY

KHUSHI JADAV
Std : XI E

You get dignity,
when you stop thinking wrong,
when you do what you learn right
You can live dignified,
when you live a lifestyle that
matches your vision
You can get dignity,
when you renounce the
"ego of individuality",
and rejoice ups and downs of life
There is dignity,
when you have good thoughts,
in your heart and mind.

IDOL

SHREYA PATEL
Std : VIII H

The word idol has different

meanings for different people, to some it can be God or to some it can be a hero or a star. But, for me it is a person who gives me motivation, who always stays by side, who is the reason for my happiness and corrects my mistakes. And for me these all qualities are in my mother.

As, people say, "Idols face a lot of challenges and obstacles in their lives to be successful." Isn't a mother faces difficulties and struggles in upbringing of her child throughout her life? She sacrifices everything she has for her child's better future. She keeps thinking how every second of her life can be given to her child, how she can make her child happy and healthy. A Mother's life is one with her child.

Even, when the world betrays you and scares you, the only place you can feel safe and secure is in your mother's lap, which is filled with warmth and love. She alone can fight against the world for you. She always guides you to the right path.

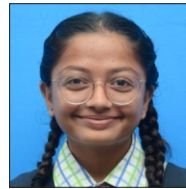

At last I would say, she is the only person who brings smile on my face. She is my heart beat without her my heart has no value. For me, my mother is the most beautiful woman of the world.

MY BELOVED MOM

SIMRAN BALHARA
Std : VI A

My Mom...
I'm her piece of heart,
I'm her life and its part,
She dedicates me as 'Brightness Of Her Life',
She is my daddy's caring wife.
My mom is the one who takes care of me.
She says me, "You are my best daughter",
She is the one who wipes out all my fears and tears from my eyes.
She is the only one who can play the role of each character,
But no one can play her character.
She is the one who stands firm at all odds;
she is my life's support system.
She is the one who discrete all the fears from my life,
She keeps me away from tensions and fights with them like a warrior.
She is my bodyguard,
she is my caretaker.
She is my family's best food maker!
She is one and only...
She is my beloved mom
Love you Mumma

LAW OF RETURN

DHARA PANCHANI
Std : XII H

"You Get What You Give"

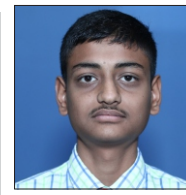

Whether we believe in karma or not it is a type of law that everyone is facing in everyday life.

One can smartly use this law as a key to what they are seeking to get but, giving should be practised with selfless feeling.

This we can understand better by taking an example of something that is really important to survive in today's world and that is 'money'. What we have to do is give Money to people who are in need and let go of all the selfish feelings inside us.

We can take anything in this world and practice law of return and get it back. Once we get it back we should be always thankful for everything we own, this really helps a lot to build a positive behaviour.

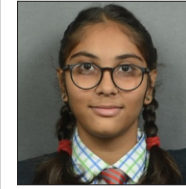

So from today let us all start practicing " Law Of Return " instead of " Law Of Attraction " . Just try it once and see the magic happening around you.

એવી છે મારી "મા"

BHAVYA KANANI
Std : IX H

જીવનની કાંટાળી કેડીમાં, એ ફૂલ બની જાય
હારું છું કંટાળું છું ત્યારે....
સખી બની જાય.
દુનિયાની દુનિયાદારીમાં ગૂંચવાઈ ત્યારે....
સમજણના પાઠ બની જાય.
જોઈ છું કોઈ સ્વપ્ન અને,
પુરું કરવાં મથું ત્યારે....
આશીર્વાદ બની જાય.
દુઃખી થાઉં જ્યારે હું,
મારા કર્મના ફળથી ત્યારે....
દુઆ બની એ તો વરસી જાય.
ઘણી દૂર છે તે આજ મારાથી છતાં,
મારા જીવનમાં એ સંસ્કાર બની,
મીઠી છાયા દેતી જાય.
નહિ ચૂકવી શકું ઋણ કદી તેનું
તેવી મારી 'મા' ની મમતા,
આજ મારા જીવનમાં....
નિઃસ્વાર્થ પ્રેમનું ઝરણું બનીને વહેતી જાય
એવી છે મારી 'મા'.
આખી દુનિયા પણ ટૂંકી પડે હો સાહેબ,
જ્યારે વાત મારી માતાના પ્રેમની આવે.
મરવા માટે ઘણાં રસ્તાં છે,
પરંતુ જન્મ લેવા માટે,
માત્રને માત્ર એક જ રસ્તો છે તે. 'મા'
'મા' ની દુઆ સાથે હોય ને,
તો સમય તો શું,
નસીબ પણ બદલાઈ જાય છે.
